WHERE'S THE FIRE (CORPS)?

Fire Corps Members Making a Difference

John and **George** performed our battery replacements. They were efficient, personable, and very accommodating. **Dennis** was exceptional. **Dennis** is the most efficient person we have ever had do this service. This service is the best. I am grateful for the services of GV Fire and GV Fire Corps. **John** and **George** were prompt, courteous, and very efficient. **Steve** and **Tim** were gentlemen Their service was outstanding and were very informative. They were true to their word. They called me a short time before arriving, replaced the batteries after warning me that they would test each one -- giving me time to take my little dog outside as he is afraid of the sound. I liked the convenience of being able to pay with my credit card. What a very special service for our community. **Carol**, **Brian**, and **Karen** were very efficient, friendly, and competent. I was extremely satisfied and enjoyed the time they were here. Awesome experience. I learned a lot. Great job replacing all six fire alarms. **Tom** and **Bob** were professional, courteous, and very helpful. I really appreciated their knowledgeable smoke alarm replacements. excellent advice. **George** and **Kathleen** were wonderful! **Bonnie** and **Tom** were very professional and helpful. **Kevin**, just a note to say Thank You! Townhouses IV residents really appreciate the work your volunteers perform. **Dave Vleck and Karen Rowell** were professional, kind, thoughtful, and expeditious. Lovely people who did an excellent job. They were professional, friendly, efficient, and knowledgeable. **Bonnie and Clem** have done this before and we're glad that we don't have to change smoke alarms or batteries anymore. **Bonnie and Clem** provide quality service. This is one of the reasons, I recommend Green Valley to my older relatives. I appreciate not having to climb a ladder to change the batteries in my smoke alarms. **Dave and Kathleen** were very professional and did a great job replacing my batteries in smoke alarms. **Dennis** was very courteous, knowledgeable, and professional.
