

June 2022

WHERE'S THE FIRE (CORPS)?

Who is New?

Congratulations Madison and Chris Aubuchon! Baby Boy Larkin Troy Aubuchon was born today May 17, 2022. Madison works in the Green Valley Headquarters Office. Madison will be on leave for most of the summer.

Welcome New Fire Corps Field Members:

Carol Wisner

Daniel Ledwidge

Tim Meza

Rich O'Day

Tom Conner

Fire Corps Members Making a Difference

Dennis was wonderful. He did such an amazing job with our smoke alarms. **Denny** and **Mike** are highly appreciated for installing our lock box. I feel blessed and thankful that we have our Green Valley Fire Corps Personnel. They have always been compassionate and caring whether it is an emergency or nonemergency. **John** and **Bob** replaced my smoke detectors. They were on time. Very professional and friendly. I was very pleased with how careful they were with furniture. Thank you for this service. **Bonnie** and **Dale** were professional and expedient. **Dennis** was very friendly and speedy replacing the two batteries. **John** and **Dan K** were speedy, friendly and efficient! **Steve** and **Tim** were a great bunch of guys and I can't tell you how much I appreciate them for helping me. **Dan L**, **Carol**, and **Jim** were excellent in helping me with the smoke alarms. We here in Green Valley are so blessed to have this program and these volunteers THANK YOU!! **Dan K** and **John** were very knowledgeable and quite helpful regarding information on both the electric and battery-operated alarms. They were very personable and a pleasure to deal with. I would just love to commend **Tim**, **Jim**, and **John** they were very quick and efficient in changing my smoke alarm and not to mention how pleasant they were. Thank you, **John Knoll**, you provided excellent service. **Steve** and **Tim** were excellent!

Steering Committee and Admin News:

Kay Mertes will be providing 1-on-1 data base training with each admin worker. This training will last about one hour. Admin staff can reach out to her directly to schedule a time that is convenient for both of them. Peggy Cederstrom is available for 1-on-1 Excel training for anyone interested. Ellen Brancazio and Kevin McNichols will be coordinating a couple open houses for Fire Corps in the community in July or August. Watch for details.

Brian Gooch and Kevin McNichols will be working with Field Assistants to further their field training if they have interests in doing more field work. This summer, we will also have some dates for training for Radio Usage, Hydrant Markers, Fire Extinguisher Training, and more. This fall, we will have a Fire Corps Academy for the community.

All of the Standard Operating Guidelines are currently being reviewed. There will be a booklet in the admin office and one in the field office. Any changes to the policies on green paper should be submitted to Kevin by June 30. Any changes to the policies on the orange paper should be submitted to Kevin by July 31. Both of these books are working copies so please feel free to write any notes in the margins of guidelines that need to be changed or eliminated.
