On the morning of November 3rd, I placed a 911 call after being bitten by a rattlesnake in my garage. Your fire squad and ambulance arrived promptly and provided me with efficient and professional attention. I don't know their names or even which firehouse they came from but I wanted them to know how much I appreciate their attention and moral support at a time when I was in need.

Green Valley is fortunate to have the services which you provide to the residents. I knew the firemen would remove the offending snake from my property and the EMTs would tend to my physical needs and get me to the hospital for further treatment.

I had an anaphylactic reaction and received 2 doses of antivenom serum plus other IVs to stabilize my blood pressure. I spent 3 days in St Mary's (2 in ICU) but I'm home now and recovering nicely.

Please know how much I appreciate your assistance and how important your services are to our community. Please accept this small donation to be used as needed. Thank you again.

Sincerely,

T: Gail White
